### To The Democrats of Madison County.

I have been a member of the Fiscal Court of Madison county all the time that Judge Shackelford has been county judge. This court is composed of the eight magistrates and the county judge. The fiscal court has control of all the financial affairs of the county, with the power and authority to levy taxes and to see that same are properly collected. Each and every member of the court is entitled to his share of credit for the good management of the county's financial affairs, and no one man is entitled to all the credit. Since I have been a member of the Fiscal Court I have looked carefully after the interest of the taxpayers, and at the same time have done everything in my power for good roads and good bridges and an economical and safe administration of the county's business.

If I am elected County Judge I will give to each and every citizen a patient and respectful hearing on any matter brought before me, and will welcome every citizen to the County Judge's office.

I will be very grateful to you for anything you may do for me, asking a careful consideration at your hands of my candidacy, and for a fair election, square deal and honest count, and promising to do nothing dishonorable to secure the nomination, I am truly and respectfully yours,  
H. C. RICK.

We have a full line of Cow Peas, pure German Millet, Sorghum Seed, Etc. Covington Thorpe Co. 57-1f.

### Tobacco And Liquor Record Broken.

The American people drank more whisky and beer, smoked more cigars and cigarettes and chewed more tobacco during the fiscal year of 1913 than in any other yearly period of the Nation's history, according to estimates based upon the record breaking of internal revenue receipts of the Federal government for the 12 months ending June 30th.

The drinkers of the country consumed the enormous total of 143,300,000 gallons of whisky and brandy, an increase of 7,500,000 gallons over the previous year and breaking the former high record of the fiscal year 1907 by 7,300,000 gallons.

Sixty-four million five hundred thousand barrels of beer, flowed down the throats of lovers of the amber brew, exceeding 1911's great record by more than 1,000,000 barrels.

Smokers puffed into space 7,707,000,000 cigars and 14,012,000,000 cigarettes during the year just closed. This was 217,000,000 cigars and 2,790,000 cigarettes more than ever before had been consumed in a single year.

Patrons of the pipe smoked 403,200,000 pounds of tobacco, or 9,400,000 lbs. more than the consumption of 1912.

### Not This Richmond.

Not until the public sees the women for kissing whom the Richmond minister who was reprimanded by the deacons, will it be able to determine how far the punishment actually accompanied the offense.—Lexington Herald.

We wish Mr. Grehm, of the Paragraph column, would add the State hereafter. Those people who know the pastors of this city know further that none of them are in question, but for the benefit of those who are not so well posted, it would be well to say Richmond, Ind., where the trouble really is.

### Wanted

Young man to act as treasurer with Young Buffalo's Wild West and circus. Capital required, \$200. Call at show grounds at Ball Park. 82-1f

### No Sympathy With "The Unwritten Law."

"I have no sympathy with the unwritten law. We have courts for protection. Persons must not take the law in their own hands."

This comment was made by Recorder N. R. Broyles, of Atlanta, as he concluded the trial of Mrs. Cora Lanier Lee, resident in fashionable Peachtree street here, who publicly flogged T. D. Thompson, an Atlanta business man, with a horse-whip because of alleged slanderous remarks he had adopted concerning her.

Mrs. Lee pleaded that she was forced to deal punishment for the alleged wrong done her because she had no one physically strong to defend her.

The court fined Mrs. Lee \$10.75 for disorderly conduct. A similar charge against Thompson was dismissed. Mrs. Lee and her husband recently separated.

### Elk For Kentucky.

A Washington dispatch says: "If the Kentucky legislature at its next session, will pass a law protecting elk the National Government will give a herd of these animals to the State. Quincy Ward, of Paris, State game warden, communicated with Senator James to ask him to secure a herd of elk for a reservation near Middlesboro. Mr. James at once asked the proper department, which informed him that the animals will be sent to Kentucky from Yellowstone Park next year if the legislature in the meantime will pass a protective law."

The base ball team from White's Station played the Pl. Lick boys Saturday. The latter got almost a whitewash, the score being 16 to 1 in favor of White's Station. The Paint Lick team should do better playing or quit. They have lost almost every match game they have played.

### The Master Workman.

When earth's last picture is painted and the tubes are twisted and dried; When the oldest caskets have faded; and the youngest critics have died.

We shall rest, and, faith, we shall need it—lie down for an aeon or two.

Till the Master of all good workmen shall set us to work anew!

And those who were good shall be happy; they shall sit in a golden chair; They shall splash at a ten-league canvas with brushes of comet's hair.

They shall find real saints to draw from—Magdalen, Peter and Paul;

They shall work for an age at a sitting and never be tired at all.

And only the Master shall praise us, and only the Master shall blame; And no one shall work for money, and no one shall work for fame;

But each for the joy of the working, and each, in his separate star, Shall draw the Thing as he sees it for the God of Things as They Are.

—Rudyard Kipling.

### The Most Considerate Man.

The most considerate man we ever heard of is the Iowa physician who told a court that he held back a bill because he feared it would cause the patient's death by heart failure.—Paducah News-Democrat.

We receive every morning a full line of green vegetables and would be glad to supply your wants. Phone 72 & 144 Covington Thorpe Co. 57-1f.

### No Man At All.

The young man who was discharged from the pension bureau because he kissed a pretty girl employed in the same bureau has been reinstated because the proof showed that the girl had dared him to try any osculatory stunts with her. Mighty hard to keep from it some times without a dare, and the fellow who would pass up a deal of that kind is no man at all.—Owensboro Inquirer.

Would they be a nickel more each year if you increased your output one-third?

IF WE SHOW YOU that on a moderate investment it will earn you each year at the least 50 per cent outside of the saving of labor, and without figuring the added size of your manure pile, would you entertain a proposition whereby we furnish the article and it shall earn every cent of its cost to you before you pay for it?

# WHY

Has the Hustling Cash Store sold so many more goods so far this season than ever before?

Why have Hamilton Bros. at such an early date, had to search the markets for an almost new stock of spring merchandise?

Why do we buy these goods always at bottom prices?

# BECAUSE

Because we sell for cash and can, of course, pay cash. And by paying spot cash we can get the lowest possible market price

Because we are satisfied with a reasonable profit and MAKE GOOD what we say about every article sold

Because we buy often and keep our stock fresh and new, and extend a courteous invitation and cordial welcome to each and every patron. Therefore

## People Looking For Good Quality Materials

at reasonable prices make their purchases at our store and always with the understanding that if goods are not as represented, we want them and will make them satisfactory. Having just returned from the markets our stock is right now up to full standard and we have never shown more beautiful assortments

Respectfully
